## Members further industry

*It's important to be involved with the CCBA*

Are you a member of the CCBA? When asked this question, often the answer is "Why should I be?" when in fact, the better question is...Why shouldn't you be? Membership with your local Home Builders Association is support of your industry through and through. Standing alone, a small business is "a voice in the dark," but by joining other members of the team, what can be accomplished is nothing short of amazing.

When you join your , you automatically become a full member at the state and national level. That's three memberships for the price of one. Your National (NAHB), State (FHBA) & Local (CCBA) Home Builders Associations offer plenty of resources to help each member make the most of their investment and connect with the benefits they value most. For over 60 years NAHB has been the nation's leading source for housing industry information. HBA members use a variety of ways to stay connected to industry information, including publications, e-newsletters, exclusive Web site content, bulletins, special reports, e-mail alerts, and financial data, and many other means. Up-to-date information, when you want it, how you want it!

Membership in your local Home Builders Association is more than just networking or having a special seal on your business door or stationary, it's about contacts. You may not feel that you need more business, but every contact a businessperson makes is a potential asset to them and their business. That doesn't just mean more business; it means better information flow, more exposure to more innovative and/or more cost effective materials and services, as well as more opportunities to put your advertising dollars to their most effective use through local HBA sponsorships and publications. Put quite simply, it means that your business is better because you made an investment in your industry!

So what are you waiting for? If you already know that you've waited too long to support your industry, then go to [www.citrusbuilders.com](http://www.citrusbuilders.com), and click on the "how to join" link for a printable membership application. If you're still not convinced that you need to make this investment, then call the CCBA Membership Coordinator at 352-746-9020.
